users

NFP Partners works across all nonprofit and special government organizations; however, we are gaining vertical market penetration among community involvement, education and healthcare segments.

We offer services to any size or shape of nonprofit, with most of our clients operating under a \$5,000,000 revenue.

Most of our clients are in the Denver-metro area, with some in the Colorado non-metro area, and a growing number out-of-state.

If you know anyone struggling with their accounting functions and technology, share our story with them. For more information about Abila MIP Fund Accounting™ or accounting services, please contact Mandy Potts, NFP Partners' Director of Business Development at (303) 242-4770.
