

## Nonprofit Accountant Opportunity

[NFP Partners](#) is growing and is seeking a qualified nonprofit accounting professional to join our accounting services team providing contract accounting and CFO services to nonprofit organizations. We need an experienced person who can become immediately productive working with clients on-site and virtually using remote access technology. This position can be part- or full-time. We expect the successful candidate to be able to perform day to day accounting processing, month end and reporting tasks with some controller-level responsibilities at specific clients.

Qualifications we are looking for include:

- Strong knowledge of accounting as applied to nonprofit organizations
- Relevant experience in a NPO or a CPA firm specializing in the nonprofit sector
- Flexibility and time-management skills to handle multiple client assignments
- Experience with QuickBooks and/or Abila MIP Fund Accounting™ software
- Strong technology base skills with Windows, browsers, and MS Office
- CPA certification a plus

This is a rare opportunity for an entrepreneurial accountant who wants to break away from the routine and build a solid career future. Visit our [website](#) to get an overview of our accounting services practice. If you feel there may be a fit for you contact me directly via email, [Laura@NFPpartners.com](mailto:Laura@NFPpartners.com) and tell me something about yourself, career objectives, qualifications, and compensation expectations.
